

**RESPONSE TO RESTRICTION REQUIREMENT**

Serial Number: 09/903,458

Filing Date: July 10, 2001

Title: APPARATUS FOR TRANSMITTING AND RECEIVING EXECUTABLE APPLICATIONS AS FOR A MULTIMEDIA SYSTEM, AND  
METHOD AND SYSTEM TO ORDER AN ITEM USING A DISTRIBUTED COMPUTING SYSTEM

Page 2

Dkt: 2050.001USA

**REMARKS**

No claims are amended, claims 246-258 are cancelled, and no new claims are added.

Claims 1-9 are pending in this application.

**Election/Restriction**

Applicant elects, without traverse, Group I (claims 1-9). Applicant respectfully cancels claims 246-258 (Group II) without prejudice or disclaimer, and reserves the right to reintroduce the non-elected claims in a Divisional application at a later date. It will be noted that several divisional reissue applications are currently pending before the USPTO.

**Examiner Interview**

Applicant thanks the Examiner for granting a telephone interview conducted on February 18, 2009. In the course of the interview it was discussed that MPEP § 1450 provides for a situation where the reissue application containing only original unamended claims becomes allowable first (and no "error" under 35 U.S.C. § 251 therefore remains). MPEP § 1450 prescribes in this situation that further action in that reissue application will be suspended to await examination in the divisional reissue application(s) containing the added claims. Once a divisional reissue application containing the added claims is examined and becomes allowable, the examiner will issue a requirement under 37 CFR 1.177(c) for applicant to merge the claims of the suspended first reissue application with the allowable claims of the divisional reissue application into a single application, by placing all of the claims in one of the applications and expressly abandoning the other.

As stated above, several divisional reissue applications are currently pending before the USPTO, and therefore Applicants expect to merge the elected claims with one of the pending divisional reissue applications once the elected claims are allowed.
